## Art Deco

The quality and strength of Art Deco comes from the simplicity of its design. Coming from a time of rapid developments in design and manufacture it reflects the glories of an age of luxury.

The furniture shown here was originally designed and manufactured in that period and is faithfully reproduced today by the original manufacturer.

This furniture looks good in both the buildings of the time and in today's buildings. The quality of manufacture ensures that the product will last a lifetime.\* It is available in Polished brass (shown) and Satin or Polished Chrome finishes.

For full details please contact us.

\* As with all manufactured items regular maintenance is needed to preserve the good looks and operation of this furniture

# *City Range Brass*

## **Regal Scroll**

Available with a range of different sizes and shapes of back plates this classic lever brings grace and elegance to both panel and veneered doors.

## **Knob furniture**

Bring traditional doors alive with your favourite design of knob furniture. This high quality range will bring veneer and panel doors a touch of real period class. Designs are available in both mortice knob and rim knob formats.
