Double Slot Shelving System

This traditional design shelving system made from cold reduced sheet steel provides light but strong brackets to fix to the robust uprights.

Brackets have been tested to 110kg (i.e. 2brackets x 1 shelf=110kg)

Uprights have been tested to 300Kg

It is recommended that all uprights are fitted with the SSMI 87.1003.78 fixing kit.

A 10 year manufacturers warranty is offered on his range
